HIGH SCHOOL STUDENTS: Please continue to log your community service hours. During the summer, there are many local organizations and church activities in which you can volunteer. Please take a couple of log sheets home this summer. Remember the minimum for graduation is 75 hours, but MORE is better.

SENIORS: Congratulations! Your hard work and planning are paying off in scholarships. God bless as you continue to seek Him for your future!

JUNIORS: Plan to take either the SAT or the ACT again early in the fall. This could boost your scores significantly. Use the summer for test practice and preparation. Visit mycareershines.org for career and college planning.

SOPHOMORES: Plan now to take the SAT or the ACT during the first semester of your junior year. This will give you more time to achieve your best scores. This summer would be a great time to prepare for one of these tests. Visit act.org or collegeboard.org for test prep and registration.

MIDDLE SCHOOL STUDENTS: Those finishing the 8th grade may start logging hours this summer toward their graduation requirement and for scholarship applications in the future!
